

IV.A. Preserve Steward/Biologist Scope of Work/Contract

- PMT approved Scope of Work for Preserve Steward/Biologist at Special PMT held 03/17
- City of Chula Vista agreed to administer Preserve Steward/Biologist Contract
- Request for Proposal posted last week for ~3 week notice
- Preserve Steward/Biologist to be selected by June 2009
- Contract to be initiated by July 2009

3

IV.B. Future POM Alternatives

- Working Group meeting held 03/24
- POM staff attended the Inter-agency Land Managers Coordination Meeting held 05/12
- POM staff drafted Implementation Steps & Timelines
- Next Steps for POM staff:
 - Schedule follow-up meeting with Resource Agencies
 - Schedule Working Group meeting
 - Provide a recommendation to the PMT & PC at their next meetings ranking the order of preference of alternatives

4

IV.C. Access Issues

- POM requires legal and physical access to conveyance lands
- Access roads to proposed McMillin and Otay Ranch Company conveyance lands cross through City of San Diego Water Department and CDFG lands
- ROE request sent to City of San Diego Water Department and CDFG on 04/28

5

IV.D. North of Village 13/Resort

- Otay Ranch Company has offered ~963 acres of conveyance lands via IOD and recorded Open Space Easement
- POM has not previously accepted due to proposed development/Preserve boundary changes associated with V13 entitlement/permitting process
- Reason for vacation/substitution:
 - Allow the POM to accept fee title to conveyance land
 - Otay Ranch Company to use vacated Preserve lands as conveyance for V13/Resort project

6

IV.D. North of Village 13/Resort (con't)

7

IV.E. Phase 2 RMP Update

- Otay Ranch Company submitted updated Phase 2 RMP at the end of 2008
- Summary of updates:
 - Figures, including Preserve boundaries
 - Development/Preserve acreage accounting to-date
 - Budget assumptions
 - Actions taken by PC/Boards/Councils
- POM staff met with Otay Ranch Company to discuss general comments
- Next meeting has been set for 06/04
- POM staff to provide recommendation to PMT & PC to direct staff to docket item for Board of Supervisors and City Council action

8

V. Future Infrastructure

- Mediation session held 04/17
- Mediator recommendation:
 - Amend JPA and any related policy documents to clarify:
 - Each respective entity to control the siting of future facilities on Preserve land, which is within their respective boundaries
 - Siting decisions should occur only after requesting, receiving and considering recommendation from the POM

9

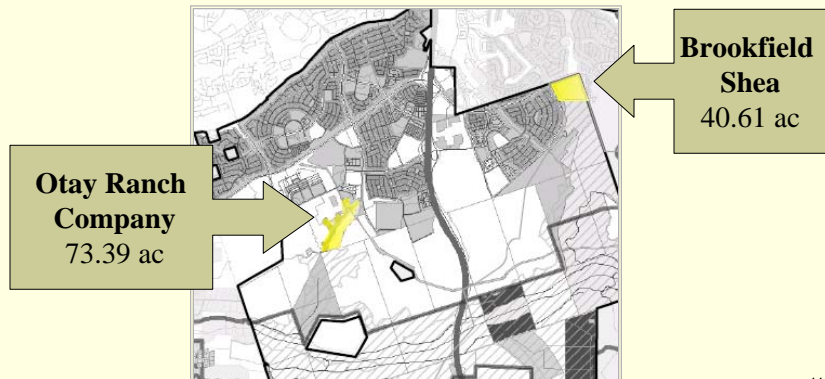

V. Future Infrastructure (cont'd)

- POM Staff recommendation:
 - Amend JPA and any related policy documents per the mediator recommendation (dated 04/21/09) as a part of the Phase 2 RMP Update
 - Direct legal staff to continue coordination on language to be included in conveyance documents which grants an easement for future facilities to the jurisdiction in which the facility is to be located
 - If consensus is reached amongst legal staff, POM staff may proceed with acceptance of conveyance lands in which future infrastructure is the only outstanding issue

10

V. Future Infrastructure (cont'd)

- Lands in which future infrastructure is the only outstanding issue (114 acres):

11
